...because one size doesn't fit all.

With so many retirement income options available for employees, we know that a 'one size fits all' approach to retirement planning doesn't work. Therefore, we created our Retirement Income Options service to implement and manage retirement planning for employees and to determine the best course of action based on their personal circumstances. The service consists of:

- **Financial education and guidance** | **Regulated advice** | **Implementation of options** | **Ongoing support**
- This fully integrated service is available now to pension schemes, trustees and employers.
